

Parents Evening
on the New Zealand Curriculum and Assessment
Wednesday 6th May at 7pm.
School Hall

Find out about how we will be implementing the revised New Zealand Curriculum at Willowbank School and how the Curriculum aligns to our school Vision and Guiding Principles.

We will also discuss our assessment practices and the different assessments used to inform on your child's learning needs.

This is an important meeting to inform you on your child's education – we look forward to seeing you tomorrow night.
