

29 June 2009

Dear Parents/Caregivers

Today we have approximately 150 student absences due to illness and we are continuing to send children home who have come to school with flu like symptoms.

Please, please, please if your child is at all unwell with flu like symptoms or stomach ache - keep them at home until they are well again.

We thank you for your support in this situation

Yours sincerely

Deidre Alderson
Principal
