

Team 4,5,6 Home Learning

WEEK 6 INFORMATION KEY

Can you place your home learning on KnowledgeNet? Give it a go! If not don't worry, just present it in a different way. **Please present Home Learning by Friday of this week.**

**How do mobile phones take pictures?
Think about the technology, not the method!**

How do digital cameras take pictures?

Think about the technology, not the method!

Choose one other method of taking a photo and think about the technology involved.

Take an interesting photo of the same scene/object/person with each type of device. Comment on why the images may appear differently.
